 Wall Area Worksheet

House Design: \_\_\_\_\_

Using the approximation method we described in class, compute the wall areas for each separate room or area of your Dream House. <u>Attach a set of drawings</u> that show the boundaries of each room or area you identify.

Floor 1Scale:  $\_\_\_ cm On The Drawing = \_\__ ft In Real Life$ 

Room or Area		Or	1 The	In Real Life				
	+	+ -	+ -	ft $x 8 ft = area$				
Total Interior								
Exterior								

## Floor 2

Room or Area	O	n The Drawing (cm)	In Real Life		
	+ +	+ + + + :	= cm	ft x 8	B ft = area
Total Interior					
Exterior
